Remarkable Christmas Present

Among the curious Christmas presents of this year will be one for a man of national reputation, which has been all year in the making.

Way last January the present was decided upon, and a friend of the prominent gentieman requested the Burrells Press Clipping Bureau, of New York, to watch every paper in America and to take up every item which appeared concerning the man.

Wiss Maria Farrar, one of the old.

There are many people in private as well as in cubic life who need press clippings and don't know it. It might be well for hem to look up this man Burrelle, who is said to be so well know, that a letter simply addressed "Burrelle, New York," will reach him with no delay.

Conductor Refers to Passenger as "Mr. O'Flaherty From

Notice of suit was filed yesterday in the Law and Equity Court by D. C. O'Flaherty against the Virginia Railway and Power Company for damages in the sum of \$15,000. No declaration has been filed. Mr. O'Flaherty is a member of the firm of attorneys of O'Flaherty & Fulton. The action grows out of the arrest of Mr. O'Flaherty some time ago by a street car conductor for infringement of the company's rules, the case being a test of whether the company has the right to make its own regulations and inforce them by police power. The case was one of the first to arise under the use of the "payas-you-enter" type of cars.

The question was raised whether Mr. O'Flaherty had deposited his fare on entering the car. He asserted that he thought he had poid, and the conductor was equally positive that he had not. The conductor followed We
